Full Body, Leg Focus

v3 · The Circle

FULL BODY, LEG FOCUS – V3 THE CIRCLE
PROPS: BALL

WARM UP AND LOWER BODY:

Spring: RR (footbar up, ball on the floor by the shoulder blocks)
Lying supine – feet on footbar, hips width apart

- Breathwork – lateral thoracic
- Cat/Cow on the carriage, breath-led x 5-8

Ball between thighs

- Bridge Roll + ball squeeze x 5-8
    - Heel lifts at the top x 5-8

Ball away

- Double Leg Press, easy flowing tempo x 10-12

LOWER BODY – FOOTWORK:

Spring: RRR (RR to regress, to be changed during sequence)
Lying supine – footbar up, heaviest block of the class

- Double Leg Press Series
    - Heels x 10-12
    - Toes/prehensile x 10-12
    - Wide/turnout x 8-10 slow – give this real time
- Heel Raises, slow eccentric x 10-12
- Prances x 10-12 each side

Drop to RR

- Single Leg Press, free leg tabletop x 10-12 each side
    - + pulses anywhere

Roll up to standing, drop spring to single R, hands light on the footbar

LOWER BODY — STANDING, RIGHT SIDE:

Spring: R (RR to regress / B to advance — holds for the next 17 minutes)
Standing foot on the platform, working foot on the carriage, facing the reformer

- Long Lunge R x 60-75 sec – the on-ramp, slow and grounded
- Scooter R, hips square x 60-75 sec
- Fly Lunge R x 60-75 sec
- Sink into Long Lunge and hold x 20 sec

Step down, lie back on the carriage, collect the ball. Machine unchanged.

CORE:

Spring: R (unchanged — footbar still up, feet on the bar)
Supine, ball in the hands or between the thighs

- Hundred – heels on footbar or tabletop, ball between thighs x 100 beats
- Chest Lift + Oblique reach past opposite knee x 10-12 each side
- Roll Back and Hover – seated facing footbar, feet pressing the bar x 8-10
- Bridge on the footbar + ball squeeze x 8-10
    - Single leg bridge to advance x 6-8 each side

Ball down, back up to standing, other side. Machine unchanged.

LOWER BODY — STANDING, LEFT SIDE + PIKE:

Spring: R (unchanged)
Repeat the right-side series, same order, same tempo

- Long Lunge L x 60-75 sec
- Scooter L, hips square x 60-75 sec
- Fly Lunge L x 60-75 sec – the peak of the class
- Sink into Long Lunge and hold x 20 sec

Both feet onto the carriage, hands stay on the footbar

- Plank hold x 20-30 sec
- Single Knee Tuck, alternating x 10-12
- Full Pike, hips high x 8-10
    - Hold the last one and breathe x 20 sec

Footbar down, spring to B, turn to face the risers, straps in your hands. Last change of the class.

UPPER BODY:

Spring: B (Y to regress)

Kneeling, facing the risers, straps in hand. No box.

- Shoulder Retractions, straight arms x 10-12
- Reverse Fly, open out x 10-12
- Reverse Fly, raise/open up overhead x 10-12

Sit down onto the carriage, legs through the shoulder rests, still facing the risers. No box.

- Low Row x 12-16
- High Row, cross straps x 10-12
- One-Sided Row with rotation x 8-10 each side
- Bicep Curls x 90 sec
    - Teaser off the carriage to advance – optional, strong groups only

COOL DOWN

Spring: B (unchanged)

- Mermaid, seated on the carriage (no box) x 3-5 each side
- Kneeling Hip Flexor / Quad Stretch, back knee on carriage, hands on footbar posts x 3-5 breaths each side

Lie back on the carriage

- Supine Figure-4 x 3-5 breaths each side
- Final Twist, knees to one side x 3-5 breaths each side

Ball resting on the belly

- Breathwork

NOTES
